

SECOND
HARVEST

2007 / 2008
ANNUAL REPORT

A Day in My Life...

I arrived in Canada in 2000 from Eritrea, Africa. Two years ago, while working at the Fred Victor Centre, I got this job as Driver for Second Harvest. I feel so grateful that Canada welcomed me and let me start my life fresh here. I am proud that every day, through Second Harvest, I can give something back to my community.

Sami Abdurahim

Wealth of Experience

CORP

where you live

From the President and Executive Director

This last year has brought tremendous change to Second Harvest, starting with our expansion and ending with the search for a new Executive Director.

Last fall, after the board and staff had determined that the best move for Second Harvest would be not to move but to renovate its present location, we started an expansion of our office and warehouse which almost doubled our space. The expansion fit beautifully into our strategic plan. The plan, now in its third year, had three key points. The highlights of how we achieved those points are listed below:

1. Expand Services

- We increased our total food distribution from 5.46 million pounds to 5.97 million pounds
- We completed the expansion of our office and warehouse ahead of schedule and on budget
- As a result of the expansion, we were able to accept and store larger food donations
- With the increased space, we could accommodate more volunteers to help us sort the increased food donations

2. Develop Best Practices

- In consultation with industry experts, we have improved warehouse efficiency and flow, truck routing and distribution, driver safety and truck maintenance
- We re-branded Second Harvest

3. Develop and Strengthen Partnerships

- We continued to nurture our relationships with hunger relief agencies in Toronto
- In an effort to help start-up organizations like ours around the world, we wrote a “how to” manual
- We developed a pro-bono relationship with a full-service advertising agency for the year
- We continue to offer free educational workshops to our agency partners

As we move forward and start to work on a strategic plan for the next three years, we do so with a new Executive Director at the helm.

While Second Harvest expands its operations to feed more and more people each year, we are fully aware that we cannot end hunger alone. With the help of our partners, donors, volunteers, community leaders and neighbours, we can envision a day when no one ever need go hungry in the communities we serve.

Many elements have changed since Second Harvest was founded in 1985, yet there are always two constants: there are those in our community who need food, and there is surplus food available. As long as those two elements exist, the community can rely on Second Harvest to continue to deliver food with compassion, dignity and efficiency.

David Foy, President

Zoë Cormack Jones, Executive Director

Our Mission

is to help feed hungry people by picking up and preparing excess fresh food and delivering it daily to social service agencies in Toronto.

Our Vision

is that no one need ever go hungry in the communities we serve.

The morning mechanical check

...nothing goes unchecked

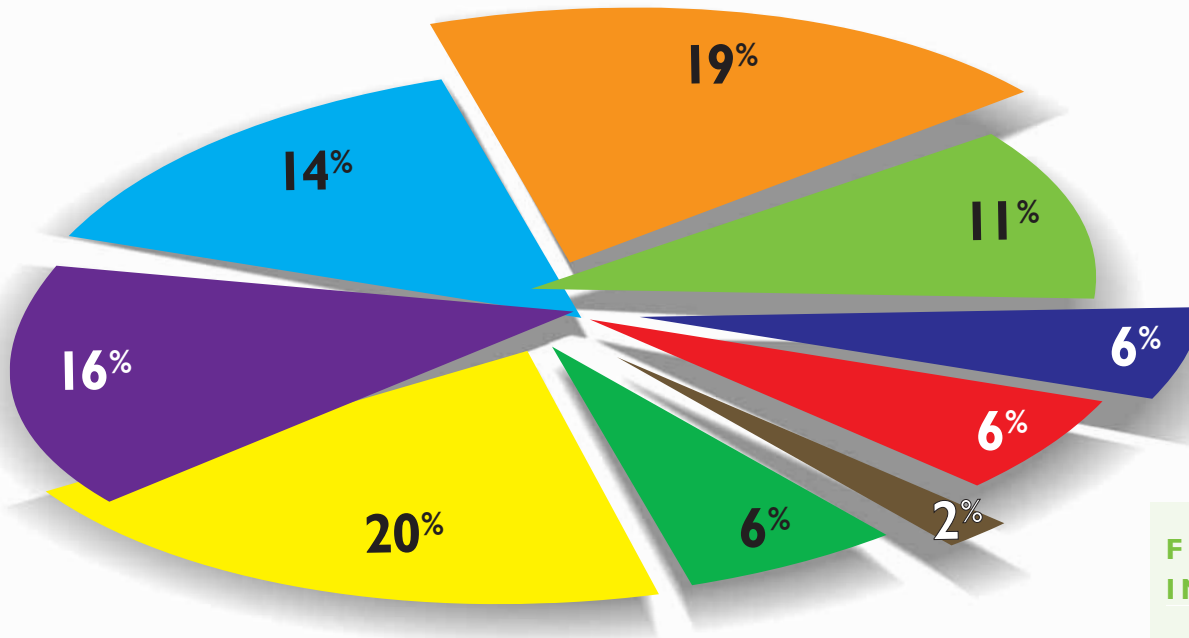

Planning the day's route...

movin' on out...

Auditor's Report on Summarized Financial Statements

To the Members, Second Harvest Food Support Committee

Condensed Statement of Financial Position As at August 31, 2008

The accompanying summarized statement of financial position and statement of operations are derived from the complete financial statements of Second Harvest Food Support Committee as at August 31, 2008 and for the year then ended. In our auditors' report on the complete financial statements dated October 4, 2008, we expressed a qualified opinion because we were unable to satisfy ourselves concerning the completeness of revenue from donated food, other donations and special events fundraising. The fair summarization of the complete financial statements is the responsibility of management. Our responsibility, in accordance with the applicable Assurance Guideline of the Canadian Institute of Chartered Accountants, is to report on the summarized financial statements.

In our opinion, the accompanying financial statements fairly summarize, in all material respects, the related complete financial statements in accordance with the criteria described in the Guideline referred to above.

These summarized financial statements do not contain all the disclosures required by Canadian generally accepted accounting principles. Readers are cautioned that these statements may not be appropriate for their purposes. For more information on the organization's financial position and results of operations, reference should be made to the related complete financial statements.

On behalf of the Board:

David Foy, President

Frank Amodeo, Treasurer

Key Indicators

In addition to our revenue, there are three important financial factors: the value of our food donations, our volunteers, and the value of in-kind donations.

Food Value

Second Harvest distributed 5.97 million pounds of food last year. Using a value of \$2.00 per pound of food (based on consultation with Food Banks Canada), this food is worth approximately 11.94 million dollars.

Volunteer Hours

Second Harvest relies on approximately 1,230 volunteers who volunteer their time over the course of a year. Revenue Canada acknowledges the importance of volunteers by valuing their work at \$17.38 per hour. Our volunteers contributed 14,823 volunteer hours in our last fiscal year, which means that our volunteers have saved Second Harvest \$257,624.

In-Kind Donations

In addition to financial donations, many businesses choose to support Second Harvest by donating products or services. In the last fiscal year, these donations were valued at \$1,199,799 which included truck insurance, courier costs, design and print work, and many other gifts, such as the generosity of our event chefs and their suppliers for their priceless contributions.

Food Donors FY 07/08

Second Harvest collected close to six million pounds of excess food from all segments of the food industry. This food was delivered, free of charge, to approximately 250 social service programs throughout the Greater Toronto Area, using a fleet of seven refrigerated trucks. Every day, Second Harvest delivers enough food for over 15,000 meals.

The following list recognizes those who donated over 1,000 pounds of food to Second Harvest.
